Please Join Us...

As we continue our relentless pursuit to help customers Achieve More, GF AgieCharmilles has constructed Centers for Manufacturing Achievement across the country that will offer training on the latest trends and developments in EDM machining.

On May 7, 2008, in Lincolnshire, Illinois. Open House visitors will have the opportunity to tour our facilities and gain in-depth insight into:

- CUT 20 Wire EDM – the affordable, ideal solution for standard cutting tools and general engineering
- Mikron HPM 600 – the stable, robust three-axis machining center designed for High Performance Milling and unlimited High Performance Cutting

Additionally, a social event is planned for the evening to show our appreciation for our customers.

When: May 7, 2008
From 9:00 am to 6:00 pm

Where: Center for Manufacturing Achievement
560 Bond Street
Lincolnshire, IL 60069
